

## DUPLICATE BRIDGES

The Bridge Center of Buffalo is happy to bring to you syndicated columns from the great bridge playing pair, Brett and Bart Bridges. This legendary partnership of identical twins amazed their parents at an early age with the uncanny ability to finish each other's sentences. Introduced to duplicate bridge by a bridge playing aunt, they quickly reached the pinnacle of competition utilizing a unique psychic bidding system. They have dedicated their lives to teaching and writing educational articles since voluntarily retiring from competition.
